COUGHLIN STOIA GELLER RUDMAN & ROBBINS LLP ("Coughlin Stoia") is a 190-lawyer firm with offices in San Diego, San Francisco, Los Angeles, New York, Boca Raton, Washington, D.C., Philadelphia and Atlanta (www.csgr.com). Coughlin Stoia is actively engaged in complex litigation, emphasizing securities, consumer, insurance, healthcare, human rights, employment discrimination and antitrust class actions. Coughlin Stoia's unparalleled experience and capabilities in these fields are based upon the talents of its attorneys who have successfully prosecuted thousands of class-action lawsuits.

This successful track record stems from our experienced attorneys, including many who left partnerships at other firms or came to Coughlin Stoia from federal, state and local law enforcement and regulatory agencies, including dozens of former prosecutors and SEC attorneys. Coughlin Stoia also includes more than 25 former federal and state judicial clerks.

Coughlin Stoia currently represents more institutional investors, including public and multi-employer pension funds – domestic and international financial institutions – in securities and corporate litigation than any other firm in the United States.

Coughlin Stoia is committed to practicing law with the highest level of integrity and in an ethical and professional manner. We are a diverse firm with lawyers and staff from all walks of life. Our lawyers and other employees are hired and promoted based on the quality of their work and their ability to enhance our team and treat others with respect and dignity. We are committed to the rights of workers and to the extent possible, we contract with union vendors. We care about civil rights, workers' rights and treatment, workplace safety and environmental protection. Indeed, while we have built a reputation as the finest securities and consumer class action law firm in the nation, our lawyers have also worked tirelessly in less high-profile, but no less important, cases involving human rights.

PRACTICE AREAS

Securities Fraud

As recent corporate scandals demonstrate clearly, it has become all too common for companies and their executives – and often with the help of their advisors, such as bankers, lawyers and accountants – to manipulate the market price of their securities by misleading the public about the company's financial condition or prospects for the future. This misleading information has the effect of artificially inflating the price of the company's securities above their true value. When the underlying truth is eventually revealed, the prices of these securities plummet, harming those innocent investors who relied upon the company's misrepresentations.

Coughlin Stoia is the leader in the fight to provide investors with relief from corporate securities fraud. We utilize a wide range of federal and state laws to provide investors with remedies, either by

bringing a class action on behalf of all affected investors or, where appropriate, by bringing individual cases.

The Firm's reputation for excellence has been repeatedly noted by courts and has resulted in the appointment of Coughlin Stoia attorneys to lead roles in hundreds of complex class-action securities and other cases. In the securities area alone, the Firm's attorneys have been responsible for a number of outstanding recoveries on behalf of investors. Currently, Coughlin Stoia attorneys are lead or named counsel in approximately 500 securities class action or large institutional-investor cases. Some current and past cases include:

- ***In re Enron Corp. Sec. Litig.***, Case No. H-01-3624 (S.D. Tex.). Coughlin Stoia attorneys are sole lead counsel representing the interests of Enron investors in this class action alleging securities fraud violation against numerous defendants, including many of Wall Street's biggest banks and law firms. To date, Coughlin Stoia attorneys and lead plaintiff The Regents of the University of California have obtained settlements in excess of \$7.3 billion for the benefit of investors, the largest aggregate settlement in securities litigation history.
- ***In re WorldCom Sec. Litig. (Alaska Electrical Pension Fund v. CitiGroup, Inc.)***, Case No. 03-CV-8269 (DLC) (S.D.N.Y.). Coughlin Stoia attorneys represented more than 50 private and public institutions that opted out of the class-action case and sued WorldCom's bankers, officers and directors, and auditors in courts around the country for losses related to WorldCom bond offerings from 1998-2001. The Firm's clients included major public institutions from across the country such as CalPERS, CalSTRS, the state pension funds of Maine, Illinois, New Mexico and West Virginia, union pension funds, and private entities such as AIG and Northwestern Mutual. Coughlin Stoia attorneys recovered more than \$650 million for its clients on the May 2000 and May 2001 bond offerings (the primary offerings at issue), substantially more than they would have recovered in the class.
- ***In re Cardinal Health, Inc. Sec. Litig.***, Case No. C2-04-00575 (ALM) (S.D. Ohio). As sole lead counsel representing Cardinal Health shareholders, Coughlin Stoia obtained a recovery of \$600 million that was preliminarily approved in July 2007. On behalf of the lead plaintiffs, Amalgamated Bank, the New Mexico State Investment Council, the California Ironworkers Field Trust Fund and PACE Industry Union-Management Pension Fund, Coughlin Stoia aggressively pursued class claims and won notable courtroom victories, including a favorable decision on defendants' motion to dismiss. *In re Cardinal Health, Inc. Sec. Litig.*, 426 F. Supp. 2d 688 (S.D. Ohio 2006). At the time, the \$600 million settlement was the tenth largest settlement in the history of securities fraud litigation and is the largest ever recovery in a securities fraud action in the Sixth Circuit.
- ***AOL Time Warner Cases I & II***, JCCP Nos. 4322 & 4325 (Cal. Super. Ct., Los Angeles County). Coughlin Stoia represented The Regents of the University of California, six Ohio state pension funds, Rabo Bank (NL), the Scottish Widows Investment Partnership, about a dozen Australian public and private funds, insurance companies, and numerous additional institutional investors, domestic and international, in state and federal court opt-out litigation stemming from Time Warner's disastrous 2001 merger

with internet high flier America Online. Coughlin Stoia attorneys exposed a massive and sophisticated accounting fraud involving America Online's e-commerce and advertising revenue. After almost four years of litigation involving extensive discovery, Coughlin Stoia secured combined settlements for its opt-out clients totaling over \$618 million just weeks before The Regents' case pending in California state court was scheduled to go to trial. The Regents' gross recovery of \$244 million is the largest individual opt-out securities recovery in history.

- ***In re HealthSouth Corp. Sec. Litig.***, Case No. CV-03-BE-1500-S (N.D. Ala.). As court-appointed co-lead counsel, Coughlin Stoia attorneys obtained a landmark settlement of \$445 million from HealthSouth and certain of its former directors and officers and certain other parties for the benefit of stockholder plaintiffs. A product of hard-fought litigation, the settlement represents one of the larger settlements in securities class action history and is considered among the top 15 settlements achieved after passage of the Private Securities Litigation Reform Act of 1995. For nearly a decade, HealthSouth, its investment bankers and its auditor perpetrated one of the largest and most pervasive frauds in the history of United States healthcare, prompting Congressional and law enforcement inquiry and resulting in guilty pleas of 16 former HealthSouth executives in related federal criminal prosecutions. Coughlin Stoia attorneys continue to prosecute complex civil actions vigorously against remaining defendants, including former HealthSouth CEO Richard Scrushy as well as UBS AG and Ernst & Young LLP for their participation in this massive scheme to defraud HealthSouth's investors. In January 2007, Coughlin Stoia attorneys defeated the remaining defendants' motions to dismiss, and the case has now proceeded to full discovery where Coughlin Stoia attorneys are aggressively marshaling the evidence required to win further large recoveries for the victims of this immense fraud.
- ***In re Qwest Commc'ns Int'l, Inc. Sec. Litig.***, Case No. 01-CV-1451-REB-CBS (D. Colo.). Coughlin Stoia attorneys are currently serving as lead counsel for the class of investors that purchased Qwest securities. In July 2001, the Firm filed the initial complaint in this action on behalf of its clients, long before any investigation into Qwest's financial statements was initiated by the SEC or Department of Justice. After five years of litigation, lead plaintiffs entered into a proposed partial settlement with Qwest and certain individual defendants that guarantees a \$400 million recovery for the class and further provides for a mechanism that will allow the vast majority of class members to share in an additional \$250 million recovered by the SEC. The district court approved the settlement in late 2006. Non-settling defendants such as Joseph P. Nacchio and Robert S. Woodruff have appealed the final approval of the settlement. Coughlin Stoia will continue to prosecute the class' claims against Joseph P. Nacchio and Robert S. Woodruff, the CEO and CFO respectively of Qwest during large portions of the class period.
- ***In re AT&T Corp. Sec. Litig.***, MDL No. 1399 (D.N.J.). Coughlin Stoia attorneys served as lead counsel for a class of investors that purchased AT&T common stock. The case charged defendants AT&T Corporation and its former Chairman and CEO, C. Michael Armstrong, with violations of the federal securities laws in connection with AT&T's April 2000 initial public offering of its wireless tracking stock, the largest IPO in American history. After two weeks of trial, and on the eve of scheduled testimony by

Armstrong and infamous telecom analyst Jack Grubman, defendants agreed to settle the case for \$100 million. In granting approval of the settlement, the Court stated the following about the Coughlin Stoia attorneys handling the case:

Lead Counsel are highly skilled attorneys with great experience in prosecuting complex securities action[s], and their professionalism and diligence displayed during [this] litigation substantiates this characterization. The Court notes that Lead Counsel displayed excellent lawyering skills through their consistent preparedness during court proceedings, arguments and the trial, and their well-written and thoroughly researched submissions to the Court. Undoubtedly, the attentive and persistent effort of Lead Counsel was integral in achieving the excellent result for the Class.

- **Brody v. Hellman** (U.S. West Dividend Litigation), Case No. 00-CV-4142 (Dist. Ct. for the City and Cty. of Denver, Colo.). Coughlin Stoia attorneys were court-appointed counsel for the class of former stockholders of U.S. West, Inc. who sought to recover a dividend declared by U.S. West before its merger with Qwest. The merger closed before the record and payment dates for the dividend, which Qwest did not pay following the merger. The case was aggressively litigated, and the plaintiffs survived a motion to dismiss, two motions for summary judgment, and successfully certified the class over vigorous opposition from defendants. In certifying the class, the Court commented, "Defendants do not contest that Plaintiffs' attorneys are extremely well qualified to represent the putative class. This litigation has been ongoing for years; in that time Plaintiffs' counsel has proven that they are more than adequate in ability, determination, and resources to represent the putative class." The case settled for \$50 million on the day before trial was scheduled to commence. At the August 30, 2005 final approval hearing relating to the settlement, the Court noted that the case "was litigated by extremely talented lawyers on both sides" and that the settlement was "a great result." In describing the risk taken by Coughlin Stoia and its co-counsel, the Court noted, "There wasn't any other lawyer[] in the United States that took the gamble that these people did. Not one other firm anywhere said I'm willing to take that on. I'll go five years. I'll pay out the expenses. I'll put my time and effort on the line." In discussing the difficulties facing Coughlin Stoia in this case, the Court said, "There wasn't any issue that wasn't fought. It took a great deal of skill to get to the point of trial." In concluding, the Court remarked that the class was "fortunate they had some lawyers that had the guts to come forward and do it."

Coughlin Stoia's Securities Department includes dozens of former federal and state prosecutors and trial attorneys. The Firm's securities practice is also strengthened by the existence of a strong Appellate Department, whose collective work has established numerous legal precedents. The Securities Department also utilizes an extensive group of in-house economic and damage analysts, investigators and forensic accountants to aid in the prosecution of complex securities issues.

While obtaining monetary recoveries for our clients is our primary focus, Coughlin Stoia attorneys have also been at the forefront of securities fraud **prevention**. The Firm's prevention efforts are focused on creating important changes in corporate governance, either as part of the global

settlements of derivative and class cases or through court orders. Recent cases in which such changes were made include:

- ***Pirelli Armstrong Tire Corp. Retiree Med. Benefits Trust v. Hanover Compressor Co.***, Case No. H-02-0410 (S.D. Tex.). Groundbreaking corporate governance changes obtained include: direct shareholder nomination of two directors; mandatory rotation of the outside audit firm; two-thirds of the board required to be independent; audit and other key committees to be filled only by independent directors; and creation and appointment of lead independent director with authority to set up board meetings.
- ***In re Sprint Corp. S'holder Litig.***, Case No. 00-CV-230077 (Cir. Ct. Jackson County, Mo.). In connection with the settlement of a derivative action involving Sprint Corporation, the company adopted over 60 new corporate governance provisions which, among other things, established a truly independent board of directors and narrowly defines "independence" to eliminate cronyism between the board and top executives; required outside board directors to meet at least twice a year without management present; created an independent director who will hold the authority to set the agenda, a power previously reserved for the CEO; and imposed new rules to prevent directors and officers from vesting their stock on an accelerated basis.
- ***Teachers' Ret. Sys. of La. v. Occidental Petroleum Corp.***, Case No. BC185009 (Cal. Super. Ct., Los Angeles County). As part of the settlement, corporate governance changes were made to the composition of the company's board of directors, the company's nominating committee, compensation committee and audit committee.
- ***Barry v. E*Trade Group, Inc.***, Case No. CIV419804 (Cal. Super. Ct., San Mateo County). In connection with settlement of derivative suit, excessive compensation of the company's CEO was eliminated (reduced salary from \$800,000 to zero; bonuses reduced and to be repaid if company restates earnings; reduction of stock option grant; and elimination of future stock option grants) and important governance enhancements were obtained, including the appointment of a new unaffiliated outside director as chair of board's compensation committee.

Through these efforts, Coughlin Stoia has been able to create substantial shareholder guarantees to prevent future securities fraud. The Firm works closely with noted corporate governance consultant Robert Monks and his firm, LENS Governance Advisors, to shape corporate governance remedies for the benefit of investors.

Corporate Takeover Litigation

Coughlin Stoia is at the forefront of representing the rights of the public shareholders of companies whose management has agreed to a corporate buyout, merger or other corporate transaction. Directors and officers of public companies owe shareholders the highest fiduciary duties under the law. Because corporate takeover transactions are often riddled with conflicts of interest, the duties owed to shareholders are all too often breached, resulting in transactions that are either financially unfair to shareholders, procedurally unfair to shareholders, or both. Among the cases in which

Coughlin Stoia attorneys have successfully represented shareholders in corporate takeover litigation are:

- ***Charter Township of Clinton Police and Fire Ret. Sys. v. OSI Res. Partners, Inc.***, Case No. 06-010348 (Hillsborough County Cir. Ct., Fla.). On behalf of a large institutional investor, Coughlin Stoia's attorneys sued to block a deal under which two private equity firms teamed up with the founders and executives of the Outback Steakhouse ("OSI") chain to take the company private. As a result of the litigation, OSI was forced to make major modifications to the corporate merger agreement and to disclose a host of additional financial and other information about the negotiations to shareholders. This, in turn, led to a concern by the private equity buyers that the shareholders, armed with more information, would vote against the transaction. Thus, the consideration was increased by over \$60 million. The OSI shareholders approved the transaction, which was improved both procedurally and financially by the litigation.
- ***In re HCA Inc. S'holder Litig.***, Case No. 06-1816 III (Davidson County Ch. Ct., Tenn.). Coughlin Stoia represented Pirelli Armstrong Tire Corporation Retiree Medical Benefits Trust, on behalf of itself and HCA's shareholders, in this action challenging the inadequate process by which defendants agreed to sell HCA (the \$33 billion sale was the largest management-led buyout in history at the time it was announced). On the eve of a preliminary injunction hearing challenging the sale of HCA, defendants capitulated to Coughlin Stoia's client's demands and agreed to various provisions that helped ensure a fair merger process for HCA's public shareholders. Specifically, Coughlin Stoia was instrumental in achieving the following substantial benefits on behalf of the class: (i) a material expansion of appraisal rights for those HCA shareholders who opted for appraisal rather than accepting the \$51 per share offered in the transaction; (ii) a \$280 million (or almost 60%) reduction in the termination fee that that would have been payable to the buyout group in the event that a competing bid for HCA emerged, thus making competing bids more feasible; (iii) disclosure of additional material information to shareholders, thus aiding them in deciding whether to approve or reject the transaction, and whether to seek appraisal as an alternative thereto; and (iv) a provision creating "majority of the minority" protection for the company's public shareholders which would permit the litigation to proceed unless the transaction obtained the approval of a majority of those shareholders unaffiliated with the First family (HCA's controlling shareholders).
- ***Wetzel v. Karol*** (ElkCorp Derivative), Case No. CC-06-18562-B (Dallas County Ct. at Law, Tex.). Coughlin Stoia's attorneys challenged defendants' modifications to ElkCorp's shareholder rights plan (the "poison pill") as a deal-protection device to "lock up" the proposed buyout of the company by Carlyle and prevent the company shareholders from tendering their shares into the tender offer that had been made by Building Materials Corporation of America ("BMCA"). The Court granted Coughlin Stoia's request for a temporary restraining order which prohibited defendants from issuing any rights certificates pursuant to the poison pill and also prohibited the payment of a termination fee of \$29 million by the company to Carlyle.

- ***In re Prime Hospitality, Inc. S'holders Litig.***, Case No. 652-N, 2005 Del. Ch. LEXIS 61 (Del. Ch. Ct. May 4, 2005). On behalf of a large institutional investor, Coughlin Stoia's attorneys successfully objected to an inadequate settlement in this action. After the Court refused to approve the settlement and granted the institutional investor's motion to intervene, Coughlin Stoia successfully renegotiated a \$25 million settlement for Prime Hospitality's shareholders.
- ***In re Cablevision Sys. Corp. S'holders Litig.***, Case No. 06-016807 (N.Y. Super. Ct., County of Nassau). Coughlin Stoia represented a large institutional investor as one of the court-appointed lead counsel in a lawsuit seeking to block the attempted buyout of Cablevision by its majority shareholders. The litigation resulted in an increase of more than \$2.2 billion in cash consideration being offered to Cablevision's public stockholders, and provided additional protections, including \$300 million of personal guarantees from the controlling shareholders for any liabilities payable as a result of a breach of the merger agreement.
- ***Phillips v. Reckson Assoc. Realty Corp.***, Case No. 06-12871 (N.Y. Super. Ct., County of Nassau). Coughlin Stoia served as lead counsel in an action involving the takeover of Reckson Associates Corporation by SL Green Realty Corporation pursuant to which SL Green was to acquire Reckson and then sell a large portion of Reckson's real estate properties back to former members of Reckson's management team. Following briefing on a motion for a preliminary injunction, defendants agreed, among other things, that if the former members of Reckson's management sell their interests in certain of those properties at a profit within three years, Reckson's stockholders would receive an agreed-upon percentage of any such profit. In addition, in the event that Reckson's former management is given the right and approval to develop a certain parcel of land, they are required to pay Reckson's former shareholders an additional \$20 million in cash. Moreover, as part of the settlement, Reckson's former shareholders received Reckson's interests in contingent profit-sharing participations in connection with the sale of certain Long Island industrial properties. Also, as a result of the litigation, defendants were required to make additional disclosures about the terms and conditions of the deal between SL Green and Reckson management. Those disclosures resulted in shareholders demanding and receiving a \$25 million dividend.

Options Backdating Litigation

As has been widely reported in the media, the stock options backdating scandal suddenly engulfed hundreds of publicly traded companies throughout the country. Coughlin Stoia is at the forefront of investigating and, where necessary, pursuing options backdating derivative and securities cases in this new and developing area. Coughlin Stoia's lawyers are presently prosecuting the enormous and high-profile *UnitedHealth Group* securities class action in Minnesota, where the California Public Employees' Retirement System is the court-appointed sole lead plaintiff. Coughlin Stoia's lawyers are also serving as lead counsel in several large derivative actions such as *The Home Depot, Inc.*, *Vitesse Semiconductor*, *Family Dollar Stores, Inc.* and *KLA-Tencor Corp.*

Insurance

Fraud in the insurance industry by executives, agents, brokers, lenders and others is one of the most costly crimes in America. Driving up everyone's insurance prices, some experts estimate the annual cost of this rising tide of white collar crime to be \$120 billion nationally. Coughlin Stoia stands at the forefront in protecting the rights of consumers and state and federal entities against insurance fraud and unfair business practices in the insurance industry.

Coughlin Stoia attorneys were the first to expose the illegal and improper bid-rigging and kickback scandal between insurance companies and their brokers. The Firm is currently one of the lead firms representing businesses, individuals, school districts, counties and the State of California in numerous actions in state and federal courts nationwide.

Our attorneys prosecute claims relating to the fraudulent and improper sale and servicing of insurance policies to recoup losses for victimized policy owners. For example, Coughlin Stoia attorneys have represented and continue to represent policy owners against insurance companies who made misrepresentations at the point of sale concerning how the policy will perform, the amount of money the policy will cost, and whether premiums will "vanish." Claims also include allegations that purchasers were misled concerning the financing of a new policy, falling victim to a "replacement" or "churning" sales scheme where they were convinced to use loans, partial surrenders or withdrawals of cash values from an existing permanent life insurance policy to purchase a new policy.

Coughlin Stoia attorneys have long been at the forefront of race discrimination litigation against life insurance companies for their practice of intentionally charging African-Americans and other minorities more for life insurance than similarly situated Caucasians. Our attorneys have recovered over \$400 million for African-Americans and other minority class members as redress for the civil rights abuses they were subjected to, including landmark recoveries in *McNeil v. Am. Gen. Life & Accident Ins. Co.*, *Thompson v. Metro. Life Ins. Co.* and *Williams v. United Ins. Co. of Am.*

Coughlin Stoia attorneys have also battled the automobile insurance companies that insist on placing low quality "imitation" parts on their customer's cars. The insurance group is also actively litigating against those insurers who overcharge their customers for their insurance coverage.

Antitrust

Coughlin Stoia's antitrust practice focuses on representing businesses and individuals who have been the victims of price-fixing, unlawful monopolization, tying and other anticompetitive conduct. The Firm has taken a leading role in many of the largest federal and state price-fixing, monopolization and tying cases throughout the United States.

- ***The Apple iPod iTunes Antitrust Litig.***, Case No. C-05-00037-JW (N.D. Cal.). Coughlin Stoia is one of two firms appointed lead counsel for the proposed iPod direct-purchaser class – a class of several million people. Plaintiffs assert that Apple illegally tied the purchase of digital music and video files from its iTunes Store to the purchase of an iPod by making it impossible to play music and video purchased on iTunes using other portable players, and unlawfully monopolized the market for portable digital music players. This conduct locked Apple's competitors out of the market and allowed

Apple to inflate the price at which iPods were sold. The trial court denied Apple's motion to dismiss and discovery continues.

- ***In re Digital Music Antitrust Litig.***, MDL No. 1780 (S.D.N.Y.). Coughlin Stoia attorneys are co-lead counsel in an action against the major music labels (Sony-BMG, EMI, Universal and Warner Music Group) in a case involving music that can be downloaded digitally from the Internet. In this case, plaintiffs allege that defendants restrained the development of digital downloads and agreed to fix the distribution price of digital downloads at supracompetitive prices. Plaintiffs also allege that as a result of defendants' restraint of the development of digital downloads, and the market and price for downloads, defendants were able to maintain the prices of their CDs at supracompetitive levels. Defendants' motion to dismiss is being briefed.
- ***In re Late Fee and Over-Limit Fee Litig.***, Case No. C-07-00634-SBA (N.D. Cal.). Coughlin Stoia attorneys are lead counsel in an action against the major credit card issuers (Citibank, Bank of America, JPMorgan/Chase, Wells Fargo and Washington Mutual), challenging the pricing of late fees and over-limit fees on substantive due process grounds. In addition, plaintiffs allege that defendants have agreed to set the prices of late fees at supracompetitive levels. Defendants' motion to dismiss is being briefed.
- ***In re NASDAQ Market-Makers Antitrust Litig.***, MDL No. 1023 (S.D.N.Y.). Coughlin Stoia attorneys served as co-lead counsel in this case, in which investors alleged that NASDAQ market-makers set and maintained artificially wide spreads pursuant to an industry-wide conspiracy. After three and one half years of intense litigation, the case settled for a total of \$1.027 billion, the largest ever antitrust settlement. The Court commended counsel for its work, saying:

Counsel for the Plaintiffs are preeminent in the field of class action litigation, and the roster of counsel for the Defendants includes some of the largest, most successful, and well regarded law firms in the country. It is difficult to conceive of better representation than the parties to this action achieved.

See *In re NASDAQ Market-Makers Antitrust Litig.*, 187 F.R.D. 465, 474 (S.D.N.Y. 1998).

One of the most significant events in the case – Judge Sweet's decision to certify the class – resulted from efforts by Coughlin Stoia lawyers, including oral argument by Leonard B. Simon, Of Counsel to Coughlin Stoia.

- ***In re Payment Card Interchange Fee and Merch. Disc. Antitrust Litig.***, MDL No. 1720 (E.D.N.Y.). Coughlin Stoia attorneys are co-lead counsel in the world's largest antitrust action (in terms of dollar value of commerce). In this case, a class of merchants allege Visa, MasterCard and their member banks, including Bank of America, Citibank, JPMorgan Chase, Capital One, Wells Fargo and HSBC among others, have conspired to fix the price of the interchange rate on credit cards and signature debit cards. In addition, plaintiffs allege that the defendants have set and enforced rules against merchants that restrain competition in the payment card industry,

including the no-surcharge rule and the no-minimum-purchase rule. The motions to dismiss are *sub judice* and discovery continues.

Other cases include:

- **Hall v. NCAA** (Restricted Earnings Coach Antitrust Litigation), Case No. 94-2392-KHV (D. Kan.). Coughlin Stoia attorneys served as lead counsel and lead trial counsel for one of three classes of coaches who alleged that the National Collegiate Athletic Association illegally fixed their compensation by instituting the “restricted earnings coach” rule. On May 4, 1998, the jury returned verdicts in favor of the three classes for more than \$70 million.
- **Thomas & Thomas Rodmakers, Inc. v. Newport Adhesives and Composites, Inc.** (Carbon Fiber Antitrust Litigation), Case No. CV-99-7796 (C.D. Cal.). Coughlin Stoia attorneys were co-lead counsel (with one other firm) in this consolidated class action, in which a class of purchasers alleged that the major producers of carbon fiber fixed its price from 1993 to 1999. The case settled for \$675 million.
- **In re DRAM Antitrust Litig.**, MDL No. 1486 (N.D. Cal.). Coughlin Stoia attorneys served on the executive committee in this multi-district class action, in which a class of purchasers of dynamic, random access memory chips, known as DRAM, alleged that the leading manufacturers of semiconductor products fixed the price of DRAM from the fall of 2001 through at least the end of June 2002. The case settled for more than \$300 million.
- **In re Disposable Contact Lens Antitrust Litig.**, MDL No. 1030 (M.D. Fla.). Coughlin Stoia attorneys served as co-lead counsel for a class of contact lens wearers alleging that the principal manufacturers of disposable contact lenses conspired with the leadership of the American Optometric Association and other eye care practitioners to boycott alternative channels of contact lens distribution, including pharmacies and mail order suppliers. The case settled for \$89 million five weeks into a jury trial.
- **Microsoft I-V Cases**, J.C.C.P. No. 4106 (Cal. Super. Ct., San Francisco County). Coughlin Stoia attorneys served on the executive committee in these consolidated cases, in which California indirect purchasers challenged Microsoft’s illegal exercise of monopoly power in the operating system, word processing and spreadsheet markets. In a settlement approved by the Court, class counsel obtained an unprecedented \$1.1 billion worth of relief for the business and consumer class members who purchased the Microsoft products.
- **In re Currency Conversion Antitrust Litig.**, MDL No. 1409 (S.D.N.Y.). Coughlin Stoia attorneys have recovered \$336 million for credit and debit cardholders in this multi-district litigation, in which Coughlin Stoia serves as co-lead counsel. Plaintiffs allege that VISA and MasterCard, and certain leading member banks of Visa and MasterCard, conspired to fix and maintain the foreign currency conversion fee charged to United States cardholders, and failed to disclose adequately the fee in violation of federal law. The trial court has preliminarily approved a \$336 million settlement. The proposed \$336 million settlement awaits final approval.

- ***In re Carbon Black Antitrust Litig.***, MDL No. 1543 (D. Mass.). Coughlin Stoia attorneys recovered \$20 million for the class in this multi-district litigation price-fixing class action, in which Coughlin Stoia serves as co-lead counsel. Plaintiffs purchased carbon black from major producers that allegedly unlawfully conspired to fix the price of carbon black, which is used in the manufacture of tires, rubber and plastic products, inks and other products, from 1999 through the present. The proposed settlement \$20 million awaits final approval.

Consumer Fraud

Coughlin Stoia's attorneys represent plaintiffs nationwide in a variety of important, complex consumer class actions. Coughlin Stoia attorneys have taken a leading role in many of the largest federal and state consumer fraud, human rights, environmental, public health and tobacco-related cases throughout the United States. Coughlin Stoia is also actively involved in numerous cases relating to the financial services industry, pursuing claims on behalf of individuals victimized by abusive mortgage lending practices, including violations of the Real Estate Settlement Procedures Act, market timing violations in connection with the sale of variable annuities and deceptive consumer credit lending practices in violation of the Truth-In-Lending Act.

Current consumer cases include:

- ***Florida Emergency Room Physicians HMO Litigation.*** Coughlin Stoia attorneys represent emergency care physicians suing four HMOs over improper payments. The cases, pending in state court in Florida, have been litigated all the way up to the Florida Supreme Court, which upheld a lower appellate court's ruling in favor of the physicians.
- ***Home Loan Lenders Overcharging Consumers.*** Coughlin Stoia attorneys represent customers of Wells Fargo, Washington Mutual and Countrywide, alleging that these banks have improperly overcharged home-loan customers hundreds of dollars for work that costs only a few dollars per loan.
- ***Cellphone Termination Fee Cases.*** Coughlin Stoia attorneys are co-lead counsel in a lawsuit against the six major wireless telephone service providers in California. The plaintiffs allege that the early termination fee provisions in defendants' contracts are illegal penalties under California law, designed to unfairly tether consumers to long-term contracts and prevent customers from changing their wireless service providers. Classes have been certified against Nextel, Sprint and Verizon.

Prior consumer cases include:

- ***Tenet Healthcare Cases.*** Coughlin Stoia attorneys were co-lead counsel in a class action alleging a fraudulent scheme of corporate misconduct, resulting in the overcharging of uninsured patients by the Tenet chain of hospitals. The Firm's attorneys represented uninsured patients of Tenet hospitals nationwide who were overcharged by Tenet's admittedly "aggressive pricing strategy" which resulted in price gouging of the uninsured. The case was settled with Tenet changing its practices and making refunds to patients.

- ***Kehoe v. Fidelity Fed.***, Case No. 03-80593-CIV (S.D. Fla.). After years of litigation that included appeals to the United States Supreme Court, Coughlin Stoia attorneys successfully negotiated a \$50 million all cash settlement in this cutting-edge case involving consumer privacy rights. The published decision in *Kehoe*, one of the first opinions construing the Federal Drivers Privacy Protection Act, was a victory for Coughlin Stoia's clients and has been cited over 50 times by other courts since its publication in 2005.
- ***Schwartz v. Visa Int'l***, Case No. 822404-4 (Cal. Super. Ct., Alameda County). After years of litigation and a six month trial, Coughlin Stoia attorneys won one of the largest consumer-protection verdicts ever awarded in the United States. Coughlin Stoia attorneys represented California consumers in an action against Visa and MasterCard for intentionally imposing and concealing a fee from their cardholders. The Court ordered Visa and MasterCard to return \$800,000,000 in cardholder losses, which represented 100% of the amount illegally taken, plus 2% interest. In addition, the Court ordered full disclosure of the hidden fee.
- ***In re Lifescan, Inc. Consumer Litig.***, Case No. CV-98-20321-JF (N.D. Cal.). Coughlin Stoia attorneys were responsible for achieving a \$45 million all cash settlement with Johnson & Johnson and its wholly owned subsidiary, Lifescan, Inc., over claims that Lifescan deceptively marketed and sold a defective blood-glucose monitoring system for diabetics. The Lifescan settlement was noted by the District Court for the Northern District of California as providing "exceptional results" for members of the class.

Human Rights, Labor Practices and Public Policy

Coughlin Stoia attorneys have a long tradition of representing the victims of unfair labor practices and violations of human rights. These include:

- ***Does I v. The Gap, Inc.***, Case No. 01 0031 (D. N. Mariana Islands). In this groundbreaking case, Coughlin Stoia attorneys represented a class of 30,000 garment workers who alleged that they had worked under sweatshop conditions in garment factories in Saipan that produced clothing for top United States retailers such as The Gap, Target and J.C. Penney. In the first action of its kind, Coughlin Stoia attorneys pursued claims against the factories and the retailers alleging violations of RICO, the Alien Tort Claims Act and the Law of Nations based on the alleged systemic labor and human rights abuses occurring in Saipan. This case was a companion to two other actions: ***Does I v. Advance Textile Corp.***, Case No. 99 0002 (D. N. Mariana Islands), which alleged overtime violations by the garment factories under the Fair Labor Standards Act and local labor law, and ***UNITE v. The Gap, Inc.***, Case No. 300474 (Cal. Super. Ct., San Francisco County), which alleged violations of California's Unfair Practices Law by the United States retailers. These actions resulted in a settlement of approximately \$20 million that included a comprehensive monitoring program to address past violations by the factories and prevent future ones. The members of the litigation team were honored as Trial Lawyers of the Year by the Trial Lawyers for Public Justice in recognition of the team's efforts at bringing about the precedent-setting settlement of the actions.

- ***Kasky v. Nike, Inc.***, 27 Cal. 4th 939 (2002). The California Supreme Court upheld claims that an apparel manufacturer misled the public regarding its exploitative labor practices, thereby violating California statutes prohibiting unfair competition and false advertising. The Court rejected defense contentions that any misconduct was protected by the First Amendment, finding the heightened constitutional protection afforded to noncommercial speech inappropriate in such a circumstance.
- ***World War II-Era Slave Labor***. Against steep odds, the Firm's lawyers took up the claims of people forced to work as slave labor for Japanese corporations during the Second World War. Their human rights case ran into trouble when the Ninth Circuit agreed with the Bush administration that any claims against Japanese corporations and their subsidiaries were preempted by the federal government's foreign-affairs power. See *Deutsch v. Turner*, 324 F.3d 692 (9th Cir. 2003). The case nonetheless demonstrates the lawyers' dedication to prosecuting human-rights violations against the challenge of formidable political opposition.
- ***The Cintas Litigation***. Brought against one of the nation's largest commercial laundries for violations of the Fair Labor Standards Act for misclassifying truck drivers as salesmen to avoid payment of overtime.
- ***Taco Bell workers***. Coughlin Stoia attorneys represented over 2,300 Taco Bell workers who were denied thousands of hours of overtime pay because, among other reasons, they were improperly classified as overtime-exempt employees.

Shareholder derivative litigation brought by Coughlin Stoia attorneys at times also involves stopping anti-union activities, including:

- ***Southern Pacific/Overnite***. A shareholder action stemming from several hundred million dollars in loss of value in the company due to systematic violations by Overnite of United States labor laws.
- ***Massey Energy***. A shareholder action against an anti-union employer for flagrant violations of environmental laws resulting in multi-million dollar penalties.
- ***Crown Petroleum***. A shareholder action against a Texas-based oil company for self-dealing and breach of fiduciary duty while also involved in a union lockout.

Environment and Public Health

Coughlin Stoia attorneys have also represented plaintiffs in class actions related to environmental law. The Firm's attorneys represented, on a *pro bono* basis, the Sierra Club and the National Economic Development and Law Center as *amici curiae* in a federal suit designed to uphold the federal and state use of project labor agreements ("PLAs"). The suit represented a legal challenge to President Bush's Executive Order 13202, which prohibits the use of project labor agreements on construction projects receiving federal funds. Our *amici* brief in the matter outlined and stressed the significant environmental and socio-economic benefits associated with the use of PLAs on large-scale construction projects.

Attorneys with Coughlin Stoia have been involved in several other significant environmental cases, including:

- ***Public Citizen v. U.S. D.O.T.*** Coughlin Stoia attorneys represented a coalition of labor, environmental, industry and public health organizations including Public Citizen, The International Brotherhood of Teamsters, California AFL-CIO and California Trucking Industry in a challenge to a decision by the Bush Administration to lift a congressionally-imposed "moratorium" on cross-border trucking from Mexico on the basis that such trucks do not conform to emission controls under the Clean Air Act, and further, that the Administration did not first complete a comprehensive environmental impact analysis as required by the National Environmental Policy Act. The suit was dismissed by the Supreme Court, the Court holding that because the D.O.T. lacked discretion to prevent cross-border trucking, an environmental assessment was not required.
- ***Sierra Club v. AK Steel.*** Brought on behalf of the Sierra Club for massive emissions of air and water pollution by a steel mill, including homes of workers living in the adjacent communities, in violation of the Federal Clean Air Act, Resource Conservation Recovery Act and the Clean Water Act.
- ***MTBE Litigation.*** Brought on behalf of various water districts for befouling public drinking water with MTBE, a gasoline additive linked to cancer.
- ***Exxon Valdez.*** Brought on behalf of fisherman and Alaska residents for billions of dollars in damages resulting from the greatest oil spill in United States history.
- ***Avilla Beach.*** A citizens' suit against UNOCAL for leakage from the oil company pipeline so severe it literally destroyed the town of Avilla Beach, California.

Federal laws such as the Clean Water Act, the Clean Air Act, the Resource Conservation and Recovery Act and state laws such as California Proposition 65 exist to protect the environment and the public from abuses by corporate and government organizations. Companies can be found liable for negligence, trespass or intentional environmental damage, be forced to pay for reparations and to come into compliance with existing laws. Prominent cases litigated by Coughlin Stoia attorneys include representing more than 4,000 individuals suing for personal injury and property damage related to the Stringfellow Dump Site in Southern California, participation in the Exxon Valdez oil spill litigation and the toxic spill arising from a Southern Pacific train derailment near Dunsmuir, California.

The Fight Against Big Tobacco

Coughlin Stoia attorneys have led the fight against Big Tobacco since 1991. As an example, Coughlin Stoia attorneys filed the case that helped get rid of Joe Camel representing various public and private plaintiffs, including the State of Arkansas, the general public in California, the cities of San Francisco, Los Angeles and Birmingham, 14 counties in California and the working men and women of this country in the Union Pension and Welfare Fund cases that have been filed in 40 states. In 1992, Coughlin Stoia attorneys filed the first case in the country that alleged a conspiracy by the Big Tobacco companies.

Intellectual Property

Individual inventors, universities and research organizations provide the fundamental research behind many existing and emerging technologies. Every year, the majority of U.S. patents are issued to this group of inventors. Through this fundamental research, these inventors provide a significant competitive advantage to this country. Unfortunately, while responsible for most of the inventions that issue into U.S. patents every year, individual inventors, universities and research organizations receive very little of the licensing revenues for U.S. patents. Large companies reap 99% of all patent licensing revenues.

Coughlin Stoia enforces the rights of these inventors by filing and litigating patent infringement cases against infringing entities. Our attorneys have decades of patent litigation experience in a variety of technical applications. This experience, combined with the Firm's extensive resources, gives individual inventors the ability to enforce their patent rights against even the largest infringing companies.

Our attorneys have experience handling cases involving a broad range of technologies, including:

- biochemistry
- telecommunications
- medical devices
- medical diagnostics
- networking systems
- computer hardware devices and software
- mechanical devices
- video gaming technologies
- audio and video recording devices

Pro Bono

Coughlin Stoia attorneys have been recognized for their long history of *pro bono* work and demonstrated commitment to providing services for the poor and disenfranchised. In 1999, for example, the Firm's lawyers were honored as finalists for the San Diego Volunteer Lawyer Program's 1999 Pro Bono Law Firm of the Year Award, based on a disability-rights case, *Badua v. City of San Diego*. Linda Kilb, of the Disability Rights Education and Defense Fund, lauded the lawyers', "talent, effort, and commitment" in a case that the local ACLU described as one of the year's most important.

In 2003, the Firm's lawyers earned a nomination for the California State Bar President's *Pro Bono* Law Firm of the Year award. The State Bar President commended them for "dedication to the provision of *pro bono* legal services to the poor" and for "extending legal services to underserved communities." Carl Poirot of the San Diego Volunteer Lawyer Program praised the lawyers for

"extraordinary efforts" representing people "who clearly do not have the financial resources or wherewithal to retain legal counsel."

More recently, one of the Firm's lawyers undertook the representation of an impoverished Somali family seeking political asylum. A mother and her children belonged to an ethnic minority subject to systematic persecution and genocidal violence in Somalia. They sought desperately to escape that violence, and also to preserve the children from the genital mutilation forced on Somali girls. Christie Suriel took the case after an initial application for political asylum had been denied – and she vigorously represented the family, which was granted political asylum in May of 2006.

The Firm's lawyers worked as cooperating attorneys with the ACLU in *Sanchez v. County of San Diego*, a class action filed on behalf of welfare applicants subject to the County's "Project 100%" program, under which investigators from the San Diego D.A.'s office, Public Assistance Fraud Division, lacking any suspicion of fraud or wrongdoing, enter and search the home of every person who applies for welfare benefits. The D.A.'s Fraud Division agents would arrive unannounced at applicants' homes and ask to walk through them, inspecting the contents of bedroom closets, dresser drawers and bathroom medicine cabinets. They also initiated "collateral contacts" with neighbors and employers, identifying themselves as Public Assistance Fraud Investigators and asking questions about the applicant – never explaining they had no reason to suspect wrongdoing.

The Firm's lawyers obtained real relief. The County admitted that under controlling regulations it could not make food stamps hinge on the Project 100% "home visits." The district court ruled that the D.A.'s program of unconsented "collateral contacts" violated state regulations – putting an end to the practice of law-enforcement officers interviewing applicants' neighbors and employers without first obtaining the applicants' written consent. With respect to CalWORKs aid to needy families, however, the district court sustained the D.A.'s "home visits" and "walk throughs," rejecting arguments that it violates the Fourth Amendment for law-enforcement officers to inspect the contents of welfare applicants' bedroom closets and bathroom medicine cabinets absent any reason to suspect wrongdoing or ineligibility.

A divided panel of the Ninth Circuit affirmed that ruling over the vigorous dissent of Judge Raymond C. Fisher, who blasted the majority for "suggesting that welfare applicants may be treated the same as convicted criminals." *Sanchez v. County of San Diego*, 464 F.3d 916, 932 (9th Cir. 2006). A petition for *en banc* rehearing was denied with eight judges publicly dissenting from what Judge Harry Pregerson termed "an assault on our country's poor." *Sanchez v. County of San Diego*, 483 F.3d 965, 966 (9th Cir. 2007). The decision was noted and sharply criticized in the pages of the *Harvard Law Review* and *The New York Times*, and the Firm now is working with a former acting Solicitor General of the United States to obtain review by the United States Supreme Court.

Not all of the Firm's *pro bono* work has focused on rights of impoverished citizens. As noted above, the Firm's lawyers also have represented groups such as the Sierra Club and the National Economic Development and Law Center as *amici curiae* before the United States Supreme Court. And senior appellate partner Eric Alan Isaacson has filed *amicus curiae* briefs on behalf of religious organizations and clergy supporting civil rights, opposing government support for discrimination on the basis of personal religious viewpoint, and generally upholding the American traditions of religious freedom and church-state separation.

JUDICIAL COMMENDATIONS

Coughlin Stoia attorneys have been commended by countless judges all over the country for the quality of their representation in class-action lawsuits.

In October 2007, a \$600 million settlement for shareholders in the securities fraud class action against Ohio's biggest drug distributor, Cardinal Health, Inc., was approved – the largest settlement in the Sixth Circuit. Judge Marbley commented:

The quality of representation in this case was superb. Lead Counsel, Coughlin Stoia Geller Rudman & Robbins LLP, are nationally recognized leaders in complex securities class actions. The quality of the representation is demonstrated by the substantial benefit achieved for the Class and the efficient, effective prosecution and resolution of this action. Lead Counsel defeated a volley of motions to dismiss, thwarting well-formed challenges from prominent and capable attorneys from six different law firms.

In Re: Cardinal Health Inc. Sec. Litig., No. C2-04-575, 2007 U.S. Dist. LEXIS 95127, at *49 (S.D. Ohio Dec. 31, 2007).

When Judge Harmon appointed Coughlin Stoia attorneys as lead counsel for Enron securities purchasers, she commented, "In reviewing the extensive briefing submitted regarding the Lead Plaintiff/Lead Counsel selection, the Court has found that the submissions of [Coughlin Stoia attorneys] stand out in the breadth and depth of its research and insight." See *In re Enron Corp. Sec. Litig.*, 206 F.R.D. 427, 458 (S.D. Tex. 2002).

Later, in a preliminary class certification order discussing the issues of Enron, Judge Harmon had this to say about the Firm:

The firm is comprised of probably the most prominent securities class action attorneys in the country. It is not surprising that Defendants have not argued that counsel is not adequate. Counsel's conduct in zealously and efficiently prosecuting this litigation with commitment of substantial resources to that goal evidences those qualities Since the beginning they have propelled the *Newby* litigation forward. They have established the website by which attorneys serve and communicate with each other, established the central depository for discovery materials, negotiated an agreed, organized, nonduplicative, and pared-down discovery schedule, and negotiated complex settlements with a number of defendants.

In re Enron Corp. Sec. Litig., No. H-01-3624, 2006 U.S. Dist. LEXIS 43146, at *77 (S.D. Tex. June 5, 2006).

In *Stanley v. Safeskin Corp.*, Case No. 99 CV 454-BTM (S.D. Cal. May 25, 2004), where Coughlin Stoia attorneys obtained \$55 million for the class of investors, Judge Moskowitz stated:

I said this once before, and I'll say it again. I thought the way that your firm handled this case was outstanding. This was not an easy case. It was a complicated case, and every step of the way, I thought they did a very professional job.

In April 2005, in granting final approval of a \$100 million settlement obtained after two weeks of trial in *In re AT&T Corp. Sec. Litig.*, MDL No. 1399 (D.N.J.), Judge Garret E. Brown, Jr. stated the following about the Coughlin Stoia attorneys prosecuting the case:

Lead Counsel are highly skilled attorneys with great experience in prosecuting complex securities action[s], and their professionalism and diligence displayed during litigation substantiates this characterization. The Court notes that Lead Counsel displayed excellent lawyering skills through their consistent preparedness during court proceedings, arguments and the trial, and their well-written and thoroughly researched submissions to the Court. Undoubtedly, the attentive and persistent effort of Lead Counsel was integral in achieving the excellent result for the Class.

In a December 2006 hearing on the \$50 million consumer privacy class action settlement in *Kehoe v. Fidelity Fed.*, Case No. 03-80593-CIV (S.D. Fla.), United States District Court Judge Daniel T.K. Hurley said the following:

First, I thank counsel. As I said repeatedly on both sides we have been very, very fortunate. We have had fine lawyers on both sides. The issues in the case are significant issues. We are talking about issues dealing with consumer protection and privacy -- something that is increasingly important today in our society. [I] want you to know I thought long and hard about this. I am absolutely satisfied that the settlement is a fair and reasonable settlement. [I] thank the lawyers on both sides for the extraordinary effort that has been brought to bear here.

In July 2007, the Honorable Richard Owen of the Southern District of New York approved the \$129 million settlement of the *In re Doral Fin. Corp. Sec. Litig.*, MDL No. 1706 (S.D.N.Y.) finding in his Order that:

The services provided by Lead Counsel [Coughlin Stoia] were efficient and highly successful, resulting in an outstanding recovery for the Class without the substantial expense, risk and delay of continued litigation. Such efficiency and effectiveness supports the requested fee percentage.

[] Cases brought under the federal securities laws are notably difficult and notoriously uncertain. . . . Despite the novelty and difficulty of the issues raised, Lead Plaintiffs' counsel secured an excellent result for the Class.

. . . Based upon Lead Plaintiff's counsel's diligent efforts on behalf of the Class, as well as their skill and reputations, Lead Plaintiff's counsel were able to negotiate a very favorable result for the Class. . . . The ability of [Coughlin Stoia] to obtain such a favorable partial settlement for the Class in the face of such formidable opposition confirms the superior quality of their representation.

PROMINENT CASES AND PRECEDENT-SETTING DECISIONS

Prominent Cases

- ***In re Enron Corp. Sec. Litig.***, Case No. H-01-3624 (S.D. Tex.). In appointing Coughlin Stoia lawyers as sole lead counsel to represent the interests of Enron investors, the Court found that the Firm's zealous prosecution and level of "insight" set it apart from its peers. Ever since, Coughlin Stoia attorneys and lead plaintiff The Regents of the University of California have aggressively pursued numerous defendants, including many of Wall Street's biggest banks and law firms. Coughlin Stoia attorneys and The Regents have thus far obtained settlements in excess of \$7.3 billion for the benefit of investors. Coughlin Stoia continues to press substantial and sizable claims against numerous defendants, including Enron's senior-most officers and several large international banks, with every intention of winning further large recoveries at trial for the victims of this corporate catastrophe.

- ***In re NASDAQ Market-Makers Antitrust Litig.***, MDL No. 1023 (S.D.N.Y.). Coughlin Stoia attorneys served as court-appointed co-lead counsel for a class of investors. The class alleged that the NASDAQ market-makers set and maintained wide spreads pursuant to an industry wide conspiracy in one of the largest and most important antitrust cases in recent history. After three and one half years of intense litigation, the case was settled for a total of \$1.027 billion, the largest antitrust settlement ever. An excerpt from the Court's Opinion reads:

Counsel for the Plaintiffs are preeminent in the field of class action litigation, and the roster of counsel for the Defendants includes some of the largest, most successful and well regarded law firms in the country. It is difficult to conceive of better representation than the parties to this action achieved.

- ***In re Dynegy Inc. Sec. Litig.***, Case No. H-02-1571 (S.D. Tex.). As sole lead counsel representing The Regents of the University of California and the class of Dynegy investors, Coughlin Stoia attorneys obtained a combined settlement of \$474 million from Dynegy Inc., Citigroup, Inc. and Arthur Andersen LLP for their involvement in a clandestine financing scheme known as Project Alpha. Given Dynegy's limited ability to pay, Coughlin Stoia attorneys structured a settlement (reached shortly before the commencement of trial) that maximized plaintiffs' recovery without bankrupting the company. Most notably, the settlement agreement provides that Dynegy will appoint two board members to be nominated by The Regents, which Coughlin Stoia and The Regents believe will result in benefits to all of Dynegy's stockholders.

- ***In re Am. Cont'l Corp./Lincoln Sav. & Loan Sec. Litig.***, MDL No. 834 (D. Ariz.). - ***Cordova v. Liggett Group, Inc.***, Case No. 651824 (Cal. Super. Ct., San Diego County), and ***People v. Philip Morris, Inc.***, Case No. 980864 (Cal. Super. Ct., San Francisco County). Coughlin Stoia attorneys, as lead counsel in both these actions, played a key role in these cases which were settled with the Attorneys General global agreement with the tobacco industry, bringing \$26 billion to the State of California as a whole and \$12.5 billion to the cities and counties within California.

- ***Does I v. The Gap, Inc.***, Case No. 01 0031 (D. N. Mariana Islands). In this ground-breaking case, Coughlin Stoia attorneys represented a class of 30,000 garment workers who alleged that they had worked under sweatshop conditions in garment factories in Saipan that produced clothing for top United States retailers such as The Gap, Target and J.C. After extensive discovery, Coughlin Stoia attorneys obtained a \$100 million settlement for the class.

- ***In re AT&T Corp. Sec. Litig.***, MDL No. 1399 (D.N.J.). Coughlin Stoia attorneys served as lead counsel for a class of investors that purchased AT&T common stock. Michael Armstrong, with violations of the federal securities laws in connection with AT&T's April 2000 initial public offering of its wireless tracking stock, the largest IPO in American history. As sole lead counsel representing Cardinal Health shareholders, Coughlin Stoia obtained a recovery of \$600 million that was preliminarily approved in July 2007. On behalf of the lead plaintiffs, Amalgamated Bank, the New Mexico State Investment Council, the California Ironworkers Field Trust Fund and PACE Industry Union-Management Pension Fund, Coughlin Stoia aggressively pursued claims of securities fraud and won notable court room victories, including a decision on defendants' motion to dismiss. *In re Cardinal Health Inc., Sec. Litig.*, 426 F. Supp. 2d 688 (S.D. Ohio 2006). At the time, the

\$600 million settlement was the tenth largest settlement in the history of securities fraud litigation and is the largest ever recovery in a securities fraud action in the Sixth Circuit.

Precedent-Setting Decisions

Investor and Shareholder Rights

- ***In re Daou Sys. Inc. Sec. Litig.***, 411 F.3d 1006 (9th Cir. 2005). The Ninth Circuit sustained investors' allegations of accounting fraud and ruled that loss causation was adequately alleged by pleading that the value of the stock they purchased declined when the issuer's true financial condition was revealed.

- ***Barrie v. Intervoice-Brite, Inc.***, 409 F.3d 653 (5th Cir. 2005). The Fifth Circuit held that where corporate officers made public statements together, an investor's allegations of the false statements meets the heightened pleading requirements for federal securities claims, and that the corporate officer who stood by silently while false statements were made – failing to correct them – may be liable along with the officer who actually made them.

- ***Ill. Mun. Ret. Fund v. Citigroup, Inc.***, 391 F.3d 844 (7th Cir. 2004). The Seventh Circuit upheld a district court's decision that the Illinois Municipal Retirement Fund was entitled to litigate its claims under the Securities Act of 1933 against WorldCom's underwriters before a state court rather than before the federal forum sought by the defendants.

- ***City of Monroe Employees Ret. Sys. v. Bridgestone Corp.***, 387 F.3d 468 (6th Cir. 2005). The Sixth Circuit held that a statement regarding objective data supposedly supporting a corporation's belief that its tires were safe was actionable, where jurors could have found a reasonable basis to believe the corporation was aware of undisclosed facts seriously undermining the statement's accuracy.

- ***Nursing Home Pension Fund, Local 144 v. Oracle Corp.***, 380 F.3d 1226 (9th Cir. 2004). The Ninth Circuit ruled that defendants' fraudulent intent could be inferred from allegations concerning their false representations, insider stock sales and improper accounting methods.

- ***Southland Sec. Corp. v. INSpire Ins. Solutions Inc.***, 365 F.3d 353 (5th Cir. 2004). The Fifth Circuit sustained allegations that an issuer's CEO made fraudulent statements in connection with a contract announcement.

- ***No. 84 Employer-Teamster Joint Council Pension Trust Fund v. America West Holding Corp.***, 320 F.3d 920 (9th Cir. 2003). *America West* is a landmark Ninth Circuit decision holding that investors pleaded with particularity facts raising a strong inference of corporate defendants' fraudulent intent under heightened pleading standards of the Private Securities Litigation Reform Act of 1995.

- ***Pirraglia v. Novell, Inc.***, 339 F.3d 1182 (10th Cir. 2003). In *Pirraglia*, the Tenth Circuit upheld investors' accounting-fraud claims, concluding that their complaint presented with particularity facts raising a strong inference of the defendants' fraudulent intent, and that absence of insider trading by individual defendants did not mean they lacked a motive to commit fraud.

- ***In re Cavanaugh***, 306 F.3d 726 (9th Cir. 2002). In *Cavanaugh*, the Ninth Circuit disallowed judicial auctions to select lead plaintiffs in securities class actions, and protected lead plaintiffs' right to select the lead counsel they desire to represent them.

- ***Lone Star Ladies Inv. Club v. Schlotsky's, Inc.***, 238 F.3d 363 (5th Cir. 2001). In *Lone Star Ladies*, the Fifth Circuit upheld investors' claims that securities-offering documents were incomplete and misleading, reversing a district court Order that had applied inappropriate pleading standards to dismiss the case.

- ***Bryant v. Dupree***, 252 F.3d 1161 (11th Cir. 2001). The Eleventh Circuit held that investors were entitled to amend their securities-fraud complaint to reflect further developments in the case, reversing a contrary district court Order.

- ***In re WorldCom Sec. Litig. (Cal. Pub. Employees' Ret. Sys. v. Caboto-Gruppo Intesa, BCI)***, Case No. 05-6979-CV, 2007 U.S. App. LEXIS 17797 (2d Cir. July 26, 2007). The Second Circuit held that the filing of a class-action complaint tolls the limitations period for all members of the class, including those who choose to opt out of the class action and file their own individual actions without waiting to see whether the district court certifies a class – reversing the decision below and effectively overruling multiple district-court rulings that *American Pipe* tolling did not apply under these circumstances.

- ***In re Merck & Co., Inc., Sec., Derivative & ERISA Litig.***, Case No. 06-2911, 2007 U.S. App. LEXIS 17000 (3d Cir. July 18, 2007). In a shareholder derivative suit appeal, the Third Circuit held that the general rule that discovery may not be used to supplement demand-futility allegations does to apply where the defendants enter a voluntary stipulation to produce materials relevant to demand futility without providing for any limitation as to their use.

- ***In re Qwest Commc'ns Int'l***, 450 F.3d 1179 (10th Cir. 2006). In a case of first impression, the Tenth Circuit held that a corporation's deliberate release of purportedly privileged materials to governmental agencies was not a "selective waiver" of the privileges such that the corporation could refuse to produce the same materials to non-governmental plaintiffs in private securities fraud litigation.

- ***DeJulius v. New England Health Care Employees Pension Fund***, 429 F.3d 935 (10th Cir. 2005). The Tenth Circuit held that the multi-faceted notice of a \$50 million settlement in a securities fraud class action had been the best notice practicable under the circumstances, and thus satisfied both constitutional due process and Rule 23 of the Federal Rules of Civil Procedure.

- ***In re Guidant S'holders Derivative Litig.***, 841 N.E.2d 571 (Ind. 2006). Answering a certified question from a federal court, the Supreme Court of Indiana issued a unanimous decision holding that a pre-suit demand in a derivative action is unnecessary if the demand would be a futile gesture. The court adopted a "demand futility" standard and rejected the defendants' call for a "universal demand" standard that might have immediately ended the case.

- ***Crandon Capital Partners v. Shelk***, 157 P.3d 176 (Or. 2007). The Supreme Court of Oregon ruled that a shareholder plaintiff in a derivative action may still seek attorney fees even if the defendants took actions to moot the underlying claims. Coughlin Stoia attorneys convinced Oregon's

highest court to take the case, and reverse, despite the contrary position articulated by both the trial court and the Oregon Court of Appeals.

- **Denver Area Meat Cutters and Employers Pension Plan v. Clayton**, 209 S.W.3d 584 (Tenn. Ct. App. 2006). The Tennessee Court of Appeals rejected an objector's challenge to a class action settlement arising out of Warren Buffet's 2003 acquisition of Tennessee-based Clayton Homes. In their effort to secure relief for Clayton Homes stockholders, Coughlin Stoia attorneys obtained a temporary injunction of the Buffet acquisition for six weeks in 2003 while the matter was litigated in the courts. The temporary halt to Buffet's acquisition received national press attention.

ADDITIONALLY, IN THE CONTEXT OF SHAREHOLDER DERIVATIVE ACTIONS, Coughlin Stoia attorneys have been at the forefront of protecting shareholders' investments by causing important changes in corporate governance as part of the global settlement of such cases. Three cases in which such changes were made include:

- **Teachers' Ret. Sys. of La. v. Occidental Petroleum Corp.**, Case No. BC185009 (Cal. Super. Ct., Los Angeles County). As part of the settlement, corporate governance changes were made to the composition of the company's board of directors, the company's nominating committee, compensation committee and audit committee.

- **In re Sprint Corp. S'holder Litig.**, Case No. 00-CV-230077 (Circuit Ct. Jackson County, Mo.). In connection with the settlement of a derivative action involving Sprint Corporation, the company adopted over 60 new corporate governance provisions, which, among other things, established a truly independent board of directors and narrowly defined "independence" to eliminate cronyism between the board and top executives; required outside board directors to meet at least twice a year without management present; created an independent director who will hold the authority to set the agenda, a power previously reserved for the CEO; and imposed new rules to prevent directors and officers from vesting their stock on an accelerated basis.

- **Pirelli Armstrong Tire Corp. Retiree Med. Benefits Trust v. Hanover Compressor Co.**, Case No. H-02-0410 (S.D. Tex.). Groundbreaking corporate governance changes obtained include: direct shareholder nomination of two directors; mandatory rotation of the outside audit firm; two-thirds of the board required to be independent; audit and other key committees to be filled only by independent directors; and creation and appointment of lead independent director with authority to set up board meetings.

Insurance

- **Lebrilla v. Farmers Group, Inc.**, 119 Cal. App. 4th 1070 (2004). Reversing the trial court, the California Court of Appeal ordered class certification of a suit against Farmers, one of the largest automobile insurers in California and ruled that Farmers' standard automobile policy requires it to provide parts that are as good as those made by vehicle's manufacturer. The case involved Farmers' practice of using inferior imitation parts when repairing insureds' vehicles.

- **Dehoyos v. Allstate Corp.**, 345 F.3d 290 (5th Cir. 2003). The Fifth Circuit Court of Appeals held that claims under federal civil rights statutes involving the sale of racially discriminatory insurance policies based upon the use of credit scoring did not interfere with state insurance statutes or regulatory goals and were not preempted under the McCarran-Ferguson Act. Specifically, the

Appellate Court affirmed the district court's ruling that the McCarran-Ferguson Act does not preempt civil-rights claims under the Civil Rights Act of 1866 and the Fair Housing Act for racially discriminatory business practices in the sale of automobile and homeowners insurance. The United States Supreme Court denied defendants' petition for certiorari and plaintiffs can now proceed with their challenge of defendants' allegedly discriminatory credit scoring system used in pricing of automobile and homeowners insurance policies.

- ***In re Monumental Life Ins. Co.*** 365 F.3d 408 (5th Cir. 2004). The Fifth Circuit Court of Appeals reversed a district court's denial of class certification in a case filed by African-Americans seeking to remedy racially discriminatory insurance practices. The Fifth Circuit held that a monetary relief claim is viable in a Rule 23(b)(2) class if it flows directly from liability to the class as a whole and is capable of classwide "computation by means of objective standards and not dependent in any significant way on the intangible, subjective differences of each class member's circumstances."

- ***Moore v. Liberty Nat'l Life Ins. Co.***, 267 F.3d 1209 (11th Cir. 2001). The Eleventh Circuit affirmed the district court's denial of the defendant's motion for judgment on the pleadings, rejecting contentions that insurance policyholders' claims of racial discrimination were barred by Alabama's common law doctrine of repose. The Eleventh Circuit also rejected the insurer's argument that the McCarran-Ferguson Act mandated preemption of plaintiffs' federal civil rights claims under 42 U.S.C. §§1981 and 1982.

- ***Mass. Mut. Life Ins. Co. v. Super. Ct.***, 97 Cal. App. 4th 1282 (2002). The California Court of Appeal affirmed a trial court's Order certifying a class in an action by purchasers of so-called "vanishing premium" life-insurance policies who claimed violations of California's consumer-protection statutes. The Court held that common issues predominate where plaintiffs allege a uniform failure to disclose material information about policy dividend rates.

Consumer Protection

- ***Branick v. Downey Sav. & Loan Ass'n***, 39 Cal. 4th 235 (2006). Coughlin Stoia attorneys were part of a team of lawyers that briefed this case at the Supreme Court of California. The Court issued a unanimous decision holding that new plaintiffs may be substituted, if necessary, to preserve actions pending when Proposition 64 was passed by California voters in 2004. Proposition 64 amended California's Unfair Competition Law and was aggressively cited by defense lawyers in an effort to dismiss cases after the initiative was adopted.

- ***Kasky v. Nike, Inc.***, 27 Cal. 4th 939 (2002). The California Supreme Court upheld claims that an apparel manufacturer misled the public regarding its exploitative labor practices, thereby violating California statutes prohibiting unfair competition and false advertising. The Court rejected defense contentions that such misconduct was protected by the First Amendment.

- ***McKell v. Washington Mut. Inc.***, 142 Cal. App. 4th 1457 (2006). The California Court of Appeal reversed the trial court, holding that plaintiff's theories attacking a variety of allegedly inflated mortgage related fees were actionable.

- ***Kruse v. Wells Fargo Home Mortgage, Inc.***, 383 F.3d 49 (2d Cir. 2004) and ***Santiago v. GMAC Mortgage Group, Inc.***, 417 F.3d 384 (3d Cir. 2005). In two groundbreaking federal appellate

decisions, the Second and Third Circuits each ruled that the Real Estate Settlement Practices Act prohibits marking up home loan-related fees and charges.

- **West Corp. v. Super. Ct.**, 116 Cal. App. 4th 1167 (2004). The California Court of Appeal upheld the trial court's finding that jurisdiction in California was appropriate over the out-of-state corporate defendant whose telemarketing was aimed at California residents. Exercise of jurisdiction was found to be in keeping with considerations of fair play and substantial justice.

- **Ritt v. Billy Blanks Enters.**, 870 N.E.2d 212 (Ohio Ct. App. 2007). In the Ohio analog to the West case, the Ohio Court of Appeals approved certification of a class of Ohio residents seeking relief under Ohio's consumer protection laws for the same telemarketing fraud.

- **Lavie v. Procter & Gamble Co.**, 105 Cal. App. 4th 496 (2003). The California Court of Appeal issued an extensive opinion elaborating, for the first time in California law, the meaning of the "reasonable consumer" standard. The Court announced a balanced approach that has enabled actions under California's leading consumer protection statutes when necessary to protect the public from acts of unfair business competition.

- **Spielholz v. Superior Court**, 86 Cal. App. 4th 1366 (2001). The California Court of Appeal held that false advertising claims against a wireless communications provider are not preempted by the Federal Communications Act of 1934.

- **Sanford v. MemberWorks, Inc.**, 483 F.3d 956 (9th Cir. 2007). In a telemarketing-fraud case, where the plaintiff consumer insisted she had never entered the contractual arrangement that defendants said bound her to arbitrate individual claims to the exclusion of pursuing class claims, Ninth Circuit reversed an order compelling arbitration – allowing the plaintiff to litigate on behalf of a class.

- **Benson v. Kwikset Corp.**, 152 Cal. App. 4th 1254 (2007). In the first published decision to apply California's "Made in the USA" statute, the California Court of Appeal ruled that the statute had been violated and that judgment should be re-entered against Kwikset provided the plaintiff can satisfy Proposition 64's amendments to the Unfair Competition Law.

- **Haw. Med. Ass'n v. Haw. Med. Serv. Ass'n**, 148 P.3d 1179 (Haw. 2006). The Supreme Court of Hawaii ruled that claims of unfair competition were not subject to arbitration and that claims of tortious interference with prospective economic advantage were adequately alleged.

Antitrust

- **Law v. NCAA**, 134 F.3d 1010 (10th Cir. 1998). The Tenth Circuit upheld summary judgment on liability for plaintiffs in college coaches' antitrust action against the National Collegiate Athletic Association on the issue of antitrust liability under §1 of the Sherman Antitrust Act, 15 U.S.C. §1 (plaintiffs subsequently prevailed on a damages trial). It also upheld the district court's Order permanently enjoining the NCAA from enforcing the "restricted earnings coach" rule, through which NCAA member institutions limited the salary of certain coaches to \$12,000 during the academic year.

- **In re NASDAQ Market-Makers Antitrust Litig.**, 172 F.R.D. 119 (S.D.N.Y. 1997). In a case where plaintiffs alleged that approximately 30 NASDAQ market-makers engaged in a conspiracy to

restrain or eliminate price competition, the district court certified a class of millions of investors – including institutional investors to be represented by five public pension funds.

- ***In re Disposable Contact Lens Antitrust Litig.***, 170 F.R.D. 524 (M.D. Fla. 1996). Plaintiff contact lens purchasers alleged that defendant manufacturers conspired on a nationwide basis to eliminate competition and maintain artificially inflated prices for replacement contact lenses. The district court denied defendant manufacturers' motion to dismiss plaintiffs' Clayton Act claims and granted their motion for class certification, finding that plaintiffs' vertical-conspiracy evidence was general to the class and provided a colorable method of proving impact on the class at trial.

- ***In re Currency Conversion Fee Antitrust Litig.***, 265 F. Supp. 2d 385 (S.D.N.Y. 2003). In a case consolidating more than 20 putative class actions, plaintiff credit card holders alleged that two credit-card networks, Visa and MasterCard, and their member banks, conspired to fix the foreign-currency conversion fees they charged. The district court found that plaintiffs pleaded facts sufficient to permit the inference of an antitrust conspiracy, denying defendants' motion to dismiss the antitrust allegations.
